## Furniture by Grace Bros.

A HOUSE is not a Home until the furniture is in it.

So important is the selection of the furniture that serious study must be given to the subject.

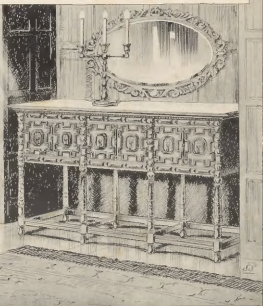

It is therefore our business to know, to advise, and suggest, so that the best results may be obtained, and the home made worthy of those who will live in it and love it; for this purpose our staff is at your service.

This catalogue will help. Its illustrations are from photographs of the actual furniture. Special designs submitted on application. Though the design and proportion are shown correctly, yet the picture cannot give the beautiful finish or figure of the timber used.

Our prices are strictly cash; no discount.  
Packing free. Delivery to suburb, rail or boat is also free.

PRICES SUBJECT TO FLUCTUATION.

### To-day, the Decoration of the Window

To-day the decoration of the window is a careful study. It is an art, and it is one that is constantly changing. It is a study of the latest in window decoration, and it is one that is constantly changing.

It is a study of the latest in window decoration, and it is one that is constantly changing.

*As shown at the Right*

This treatment features an excellent method of decorating a bay window without a Felture. The curtains and valance drawn in the window are made of Casement Cloth, and the heavy curtains of velvet to hang quite straight. These can be made to shut off the window entirely, if required, by adding extra width. This is particularly useful on cold nights, and when no settee is used in bay.

The price of these three Casement Curtains and Valance (assuming the curtains are 4ft. deep), is £17'76, hemmed and finished quite plain. The price of the one pair of Velvet Curtains (approximately 8ft. 6in. high), is £9'186—the whole making an excellent treatment, complete, for the very low price of . . . £26'94

The Covering on the Chair is a Brocade in a wonderful Portuguese design. The price per yard is . . . 22'6

**COLOUR SCHEMES** (and we specialise in them) are not only important, but also extremely interesting. Nature did not intend that we should pass our days in depressing surroundings, so she put forth into our gardens a profusion of coloured blooms, and man has copied all the wonderful hues in the creation of dyes, hence we are able to offer you to-day fabrics of every shade and texture, for all styles of rooms.

*As shown at Left*

In the treatment as shown at the left the curtains are of "Sundown" **Featureless Silk Taffeta**. Of particular interest is the fact that these curtains are made in the shade, which is agreeable with windows of this description. The Felture is made in Beaver Brand level and fast about 6 ft. wide at top and fringe also made at bottom.

This Treatment Complete for windows 4ft. wide by 6ft. 6in. high. Price per window . . . £9'19'6

Window Curtains and striped Valances of "Saffolk" **Sanderson Art Silk Taffeta** is most effective. A very important one also over the window. Make a heavy shaded treatment and a washable. 40in. wide. Price 10'6

**T**O-DAY, IN WINDOW DECORATION, we find there is far too much tread to self-conceal, that is to say, in keeping the room to one colour scheme.

The most modern method lies in securing the "colourful" effect by careful blending.

Bold, contrasting combinations give a brightness that chases gloom. Soft glowing tones can be assembled to make a room into a vision of beauty.

#### As Illustrated in Right

The treatment here shown is distinctly modern in colour.

The curtains are of "William and Mary" Damask, and the Pelmet is of Velvet, all are fadeless fabrics, and are lined with satin. The Pelmet is, in this instance, severely classed in shape, being trimmed with braid and fringe only. The colour is bright, and is particularly suitable for dark rooms.

Price, for 4 Curtains and Pelmet Complete £17/5/0

#### As Illustrated at Left

The *Curians and Pelmet* at left are in this case made of *Velour Velvet*, which has a highly lustrous finish, and furthermore, is fadeless. They are lined with Satin, and the Pelmet is trimmed with braid and fringe. A point of interest is the fact that the curtains are to the floor instead of being just below the sill. Price of this treatment, complete, £9/8/9

## Take Care of Your Bedding!

First your mattress regularly every morning. As it is the most important as possible this applies particularly to Kapok Bedding. Should a bed become damaged replace it at once otherwise a big strain is placed on the remaining parts and the filling will be displaced. Do not cut the edges of the mattress. This will put it out of shape. Always buy the best bedding, good heavy such day and night, cover to sleep, and sound, refreshing sleep can only be had on a good mattress, well filled and correctly made. Our best quality Kapok Mattress if only used for six years costs about half as much as any other. Very little for refreshing, health giving sleep.
